Advanced Business Texting

Be easier to work with!

Advanced Business Texting by In-Telecom

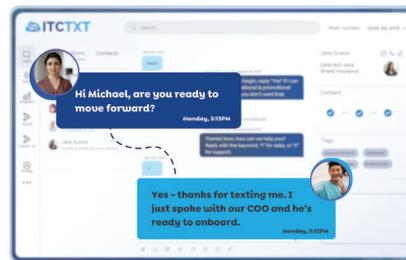

In today's business world, speed matters—and nothing gets seen and acted on faster than a text. ITCTXT is your all-in-one business texting platform, built to help teams communicate with customers, drive engagement, and stay compliant.

Built for Better Conversations

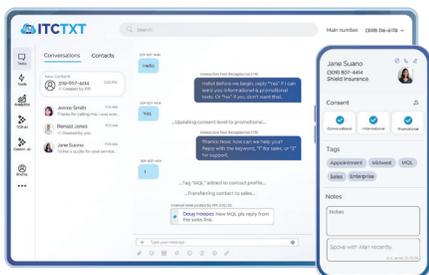

Shared Team Inboxes

Invite teammates to co-manage shared SMS inboxes. Switch from inbox to inbox and assign different combinations of users to any SMS inbox.

Blast Marketing Messages

Enhance your outreach results with the power of advanced texting. With 99% open rates and 95% reply rates, achieve your marketing and sales goals faster than ever.

Automated SMS Receptionists

Save time and drive ROI by assigning automated receptionists to any number. Field common questions, respond after hours, get the right teammate involved, or help contacts self serve.

SMS Payment Requests

Make getting paid easy! Send payment requests and invoices. Contacts can pay right from their phones in seconds with Apple Pay®, Google Pay™, or any major credit card.
